MISSOURI ONLINE

DIGITAL ACCESSIBILITY IS INCLUSIVE TEACHING

Accessibility barriers exist within our digital community, and we are all responsible for identifying and removing them. Missouri Online can help you make your teaching materials accessible to all students, including those with disabilities.

MEET UDOIT

The Universal Design Online Inspection Tool, or UDOIT (pronounced "You Do It"), is a tool for scanning your Canvas site, finding and addressing accessibility barriers, and even providing alternate formats for your course materials.

LEARN MORE:

- Visit Understanding UDOIT to get started.
- Find help quickly by consulting the Accessibility Guides in the Missouri Online Knowledge Base.
- Contact us to inquire about accessibility training opportunities.
